FINAL VOWS

Fr Jose Pulinthanath pronounced his Last Vows in Christ Hall in a Concelebrated Solemn Mass on 02 February 2012. Congratulations Fr Jose.

FOR YOUR INFORMATION

The newly constituted Planning Commission of the Province will have its meeting on 11 March in Christ Hall at 9.00 am. All the members of the commission are requested to come for the one day meeting without fail.

Convenor, Salvin Augustine

NEW BOOKS

"Naam Sahatheerthadakar" by Fr Sebastian Painadath, published by Yatra Publications, Kochi.

Fr Kurien Kunnumpuram is editing and publishing the writings of Fr Samuel Rayan. The first volume on Jesus is already out of the press. The second volume on Spirituality is in the press and should be out soon. Copies are available at St Paul's, Mumbai.

FROM OUR INSTITUTIONS CHRIST HALL, CALICUT

As the clock struck midnight at the end of 31 December, we began the New Year with our Lord. We, as a community, thanked the Lord for the abundant blessings that he lavished upon the community during the past year. Fr Peter Mulluparambil, our new treasurer, took charge on 16 January. In the special community Mass held on 18 January, we congratulated him and wished him all success in the new office. We lovingly remembered Fr Mathew Pullattu for his committed and generous service as Province Treasurer for the last eight years. On January 26, 'SAHRUDAYA' club celebrated its 52nd Annual Day in our campus. In this grand event Fr Joseph Kallepallil unveiled a portrait of Fr Mathew Moozhiyil, who was the first President of this club. The people of the locality still remember him as a great man with broad mind who made a bridge between the Christ Hall Jesuits and the local people around. Fr Jacob Madukakuzhy is admitted in the MIMS Hospital for a medical checkup. He has been suffering from a pain on his right foot and is being treated by the doctors of the Nirmala hospital.

Roy Alex

ST. JOSEPH'S CALICUT

The New Year brought in accolades to the school by our students. In the State Youth Festival our school secured first place in Tabla and Kerala Nadanam, second place in Mimicry and third Place in Orchestra and Violin. All the other items were also awarded with 'A' grade. On 28 January our school witnessed a great event, Guruvandanam, the reunion of the Josephites of '82 Batch. Fr Thomas Anthraper was the guest of honour. The students appreciated the great services rendered by the Jesuits. The programme was graced by the presence of Fr Provincial and other Jesuits who were part of this institution. The preparation for the Public exam is in full swing with revision tests and model examinations. The sports day and the Republic Day were celebrated in an impressive manner in the Junior School. The February issue of Vidyajyothi has an article on Martyr Devasahayam Pillai by Fr Joseph

Kottukapally. Fr SM Thadeyoos led a training programme for the students of JRC (Junior Red Cross) in Calicut District.

Tomson Antony

SARVODAYA, EACHOME

Many great things happened in Sarvodaya in the last few months. Our students bagged plenty of prizes in the sub district and state Kalolsavams. All the newspapers carried the photographs of our students when they won overalls in the competitions. Though we were lagging behind in sports in the past years this year we won overall championships in the UP and LP sections. Our deacon Biju George was ordained on 31 December in his parish church, Chilavu, and a number of staff members participated in the ceremony. He was given a fitting reception in the school. All of us are invited in a number of parishes for Feast Day Celebrations either to give homily or to celebrate sung Mass. Our school is selected to start 'Karshika Club' and the members of this club get grace marks in the public exam.

As it goes to the press the school will have celebrated its Annual day which falls on 3 February. Mr Gopalakrishna Bhut IAS, the district collector of Wayand is the guest of honour of the day. The Residential Tribal Students Empowerment Programme and remedial teaching for the SSLC and plus 2 students are going on very well. The renovation of our old Jesuit house is in full swing as it is going to house the candidates for the next academic year. The visitation of the Provincial was grace filled moments for all of us.

Salvin Augustine

AKJM KANJIRAPALLY

There are times in history where we stand still and look back. Month of January was one to be still for A.K.J.M. family. The conclusion of Golden Jubilee Year brought back to the campus old and young staff members and students who were once the life of the campus. His Excellency Mar Mathew Arackal was the chief guest of the ceremony and Fr Sunny Kunnappallil blessed the foundation stone for the new building. All spoke highly about the shining presence of A.K.J.M. School in

Kanjirapally over the last 50 years. Our Annual Day Celebrations were on 25 and 26 January. "Ganamela & Comedy Show" by Biju Narayanan and team was the highlight of the programme. Fr Babu Paul, along with the staff, made a visit to the tomb of Bishop Kavukattu in connection with the Jubilee Celebration. "Golden Moments of 50 Years", a collection of photos and videos, was made available to the public through a photo exhibition and video presentation by Fr Wilson Puthussery. All these photos are uploaded in face book. Golden Jubilee Gathering brought all the former Managers, Principals, Teachers and Students for a get together and celebration.

Ginish

LOYOLA, TRIVANDRUM

It was celebration time at Loyola this January. We thank God for giving us a dynamic and promising young priest Fr Aneesh which called for much rejoicing in the community. We organized a gathering of all the Jesuits in Trivandrum to celebrate companionship and to felicitate all the three young priests of our Province. The new priests Frs Ramlat and Aneesh celebrated Mass at the gathering and Fr Biju George had to rush back to his community. 28 Jesuits from all over Trivandrum attended the gathering. Fr Dominic treated the guests with his God-given cooking skills and care. We welcomed the Juniors of SICJ here at Loyola on the 19th. We had mutual introduction followed by a sumptuous dinner. School Day was celebrated on 7 January, at which Mr G Karthikeyan, the speaker of Legislative Assembly, was the chief guest. The school is all set for final exams in the coming days. The College welcomed its new priest Fr Aneesh after he celebrated Holy Mass at the College chapel for the staff and students. Around 100 Alumni of the College attended its Alumni day on 26 January. Reminiscence of wonderful times and expectation of fruitful years ahead reigned in the gathering. Fr Sabu presented a paper, "A comparative study of Kudumbasree and Self Help Groups" at Vishwabharathi University, Shantiniketan, Kolkata. Our students are writing semester exams these days. 97 participants attended two 3-day Counseling Training

Programmes conducted at LES; one for the religious and the other for the teachers. ASHA Workers of the Department of Health, Govt. of Kerala, were given 7 days of training at LES. Fr Joye James gave four workshops for priests of Trivandrum Archdiocese with Fr Henry Pattarumadathil at the Diocesan Animation Centre, Kovalam, in connection with the Platinum Jubilee of the Diocese.

Sajit Olickal

SNEHARAM, ANJENGO

The Centre reopened on 2 January after the X'mas vacation. As the third term has begun, our night study programme is in its full swing now. Around 35 to 40 students are actively participating in this study programme. The 9th standard students, under the leadership of Ms Jyothi, one of our teachers, and Sch. Jiji had come up with a spacious vegetable garden where the main cultivation is green and red coloured spinach. Seeing the cooperation and hard work of our students in the farm, Fr Anto has promised to provide our garden with a new electric motor and now he is busy with completing its legal formalities with the electricity board. Fr Anto and Sch. Jiji participated in the gathering of the Jesuits of Trivandrum zone at Loyola, Sreekariyam on 16 January which was organized to felicitate the new priests of our province. The birthday of Sch. Jiji and the farewell to Fr Santhappan, the outgoing parish priest of Mampally parish, were celebrated together on 16 January and a grand dinner was arranged in their honor. We commemorated the 4th death anniversary of Fr Antony Manipadam,, the Founder Director of our centre, on 20 January. Fr Anto said a sung Mass on that day in which all our teachers and students participated. Fr E.P Mathew, the province delegate for the Procurators Congregation, visited us on 25 January.

Jijimon

VIDYANIKETAN-TRIVANDRUM

We have begun the third term with a number of events and activities. The Community Day Celebrations from December 26 to 28 were filled with a lot of fun and games. The year was

welcomed with a Triduum, guided by Fr Jacob Madukakuzhy. On 5 January all the juniors renewed their vows. We extend our heartfelt gratitude to Fr Jacob Madukakuzhy for his inspiring and edifying presence. Followed by the Triduum we had the grand celebration of Fr Joe Pulickal's 70th birthday. We had a two-day course on journalism by Fr Vincent Pereppadan. This course introduced us to journalism and as part of this course we visited the Malayala Manorama press in Trivandrum. We celebrated Pongal, the Tamil New Year, on 15 January. Fr Leo (AND), celebrated the Solemn High Mass in Tamil.

We were happy to have Fr Aneesh, our newly ordained priest, with us on 20 January. It was really inspiring to listen to his experiences and sharing. On 21 January St. Xavier's college campus witnessed the mega event 'Balamela'. More than 250 children from five neighboring parishes participated in this event to make it a success. Fr Joe Pulickal inaugurated the 'mela'. In the afternoon there was a cultural show and Sch. Jijimon was the chief guest. The juniors at present are busy preparing for the Academy Day which falls on 11 February.

Lijo Antony

ASHA KIRAN

We resumed our classes after three days of Kerala trip during Christmas holidays with five scholastics of other provinces. They all appreciated and expressed their sincere gratitude to all the Jesuits they met in Kerala. Mangalore witnessed one of the most colorful events in the first month of the year, the 17th National Youth Festival. Soon after this, all were glued to their desks as the first internal exam approached. We are now looking forward to various fests of the college which will be held on the first week of February. And we end this month with the grand celebration of the final profession of Fr Melwyn D Cunha, the Superior of Asha Kiran community.

Adhul Thomas

X.T.C. BELGAUM - Novitiate

We are in the winter season and after the great celebrations of Christmas we entered into the

New Year with hope. We had a special midnight Mass in our chapel and a good New Year Celebration here. Some of the second years went to help in the different Parishes for the New Year liturgy. After enjoying the Christmas season we all entered into the ordinary routine life of the novitiate. The first thing we had was 'The Work Experiment' for the second years for five days. The first day was in the poultry farm to collect chicken waste and we collected almost two truckloads. Fr Benito, our Minister, was the coordinator of the work. And we were inspired and touched by his way of handling the work. And we also had the support of our Fr Master and Fr Socius and the first years. The rest of the days we did the whole process of sugarcane planting. Within four full days we were able to finish the work. All the staff appreciated the second years for doing such a hard work. During this time we had an unexpected visit of Fr Jose Jacob who was our pre-novitiate director. His presence gave us much joy and encouragement. After having done our experiment, we had a special session about stars by Fr Kiess, "we all now learn to observe the stars" and now we get into the normal time table. Fr Master has begun the 'letter on obedience' by Ignatius. And Fr Socius has begun the 'prophetic literature'.

On 26 January we had the Republic Day celebration. The chief guest was one of our farm workers, who suffered from dengue fever for whom, some of our novices gave their blood. And we are looking for the summer season because now it is very cold here.

Jenophine Joseph

VIDYAJYOTI, DELHI

Along with the freezing weather our moods were down as well, due to the unexpected demise of Fr George Keerankeri. So the academic year resumed on a low key. Now slowly our life has picked up its pace. On 9 January, the whole college came together to appreciate Fr George's committed life in forming Church's future ministers all these years. The Eucharistic celebration was presided over by Fr Edward Mudavassery. In this Mass we also remembered two other old professors who travelled for their eternal reward

recently. They were, Fr Paul Gouriviere (MAD) and Fr George Kureethara of the Archdiocese of Delhi. Five of our companions shared their fond memories of Fr Keeran. Sch. Linto spoke on behalf of the Kerala Province. There was a Seminar for the youth from different parishes to which our college caters. Sch Sanil had a session on "Youth, Values and a Changing World" which was much appreciated. Schs Prince, Augustine and Binu were part of the organizing committee of this seminar. Sch. Dominic is busy brushing up his culinary skills, now that he is the most sought after member (treasurer) of the kitchen committee.

Raju Augustine

JAIPUR

St. Xavier's College Jaipur is having its second academic year. In the First year we have 280 students in five disciplines: B Com, BBA, BCA and honors in English and Economics. 90% of our students passed in the University Examinations. In the second year we have a total of 588 students. The Rajasthan University has introduced Semester System for BBA. Hope it will be extended to other undergraduate courses too in the coming years.

Fr K. P. Mathew

FROM BERKELEY (U.S.)

After having a few weeks long semester break in Texas I am back to Berkeley for the next phase of academics. My stay in Texas was enriching by way of exercising priestly ministry along with giving lectures on 'faith and science' for the youth in different places including McAllen near the Mexican border. The activities of Spring 2012 at JSTB began with the Eucharistic celebration presided over by Rev. Tony Scholander, the Rector of the Jesuit community.

Binoy Jacob

FROM FRANCE

We welcomed the new year in prayer. As we, Sooraj and Vibin, started the annual retreat on 25 December, we had the grace to enter into the New Year in prayer and silence. We did our retreat in the Jesuit Retreat House at Aix-en-Provence,

a city located in the south of France. It was unfortunate that the visit of Fr Rachans to Paris and our retreat happened together. But our other Indian scholastics took care of his visit and we relished very much the Spanish sweets he left to us. On 3 January, we resumed our sessions in Centre Sevres. We entered into the last phase of the first semester. There was a gathering of all new Jesuit scholastics present in Paris and we were around 25. That was an opportunity to share friendship and love. On 26 we went to the Indian Embassy in Paris to partake in the Republic Day Celebrations. As of now, we are entering into the heart of the winter and it is getting cold here.

Vibin

FROM MANILA

Simbang Gabi is a devotional nine day series of Masses practiced by Roman Catholics and Aglipayans in the Philippines in anticipation of X'mas. Simbang gabi, which translates to Night Mass, is held from December 16 to 24 and is usually done as early as 4 a.m or 5 a.m in the morning. On the last day of the Simbang Gabi, which is X'mas Eve, it is called Misa de Gallo, which literally translates as "Roosters' Mass." This cherished Christmas custom eventually became a distinct feature of Philippine culture and is a symbol of sharing. The Philippines is an agricultural country known for its rice, coconut and sugarcane plantations. Many farmers toil all day with one break during noon when the heat would be at its peak. In between the planting and the harvest there is a lull in the work imposed on natives. The women also have their share of work, tending to their vegetable gardens or household help for local political elite and building projects.

When the Christmas season begins it is customary to hold novenas in the evenings. The priests saw that the people, despite fatigue, wanted to attend Mass. As a compromise, the Clergy began to celebrate Mass in the early dawn when it would still be dark. The custom spread and evolved into a distinctly Philippine tradition to attend Mass at a rather early hour.

PT Augustine

FROM LONDON

The Spectacular New Year celebrations and fireworks mark the start of a unique year for London. After three weeks of winter break, we all are back in full swing at Heythrop College. At the beginning of this month, as a formation weekend, we had three days Social Analysis workshop at West Wickham. Frs Tony Carroll (Heythrop) and Jim Convey (JRS) of the British Province and Mat Malone from the U.S. presented papers on different aspects of observation and participation in the British culture and the society from the perspective of the Ignatian insight that God is to be found in all things. As Heythrop College embarked on a new term, the College welcomed the new Principal Michael Holman (Former Provincial) and Vice Principal Dr. Gwen Griffith-Dickson. There were two major conferences held during this month at Heythrop. The first one was entitled Philosophy, Religion and Ethics followed by a two-day seminar organised by the Centre for Eastern Christianity on the Eastern Catholic Church in Contemporary Europe which explored the various ecclesial and religious contexts of Eastern Catholicism in modern history and contemporary world. This was concluded with the celebration of Melkite Greek Liturgy in the college chapel. As part of the week of prayer for Christian Unity, we attended a special service of Taize' prayer in the Jesuit Church at Farm Street. In 2014, the Heythrop College will celebrate the 400th anniversary of its foundation in Louvain. This makes the college one of the oldest centres of higher education in England..

Santhosh

FROM MOZAMBIQUE

I reached Maputo the capital of Mozambique on 20 January after about 12 hours delay in Delhi to take off due to fog and poor visibility. The flight was by Ethiopian Airlines from Delhi to Maputo via Addis Ababa in Ethiopia with changeover of another aircraft of the same airlines. The interesting thing was the Ethiopian airlines kept us waiting 12 hours in the aircraft itself. When there is more than 5-6 hours delay they are supposed to give the passengers hotel accommodation. The Ethiopian air was justified in not giving the

passengers that luxury due to its low cost. Also it involves a lot of formalities to be followed besides double checking in and a lot of expenses and transport inconvenience. I had a through checking in of my entire luggage up to Maputo. If the flight was in time I would have got the transit flight and would have reached one day earlier. In a way I was lucky to have had a stop at Addis Ababa where the airlines put me up in a hotel at its own expense. So I had a chance to see around the city and get to know how Ethiopia is and what sort of people they are.

The land is rich with several natural lakes among the mountainous terrain. There is an extinct volcano which I saw from above very clearly as I flew out of Addis Ababa. The people are so rich culturally but remain poor in spite of the rich natural resources. Most of them depend on land and primitive agriculture which do not sustain them. No one in the power positions, including political and religious, is interested in improving and developing agriculture or animal husbandry or the eco-system of the country. I visited the National Museum, the Addis Ababa University, few cultural centers and few Malls. This city is like any other cities in the world.

I consider myself very lucky to have taken Ethiopian Airlines and I got the window seat also by luck because I could have a glimpse of the terrain of Ethiopia, Nigeria, Kenya and Mozambique. Mozambique is a long stretch of land on the eastern shore of Africa. Nigeria and Kenya are barren looking while Mozambique is green like Kerala. Mozambique is about four times longer than Kerala. The people are so rich culturally but remain poor in spite of the rich natural resources. Today I went to the parish church for Sunday Mass and I saw people in their original culture and nature. By the way the human being originated in the region consisting of Zambia, Malawi, Mozambique, Kenya etc. Anyone with some basic knowledge of genetics can see through the bold and distinct original genetic expressions in the people gathered here for a Sunday Mass. They have preserved the original human genetic wealth in themselves for which the civilized world can never be grateful enough however much they try. The modern political and

religious culture which is being promoted may not or will not understand the rich heritage these people hold in themselves.

Two things struck me during the mass: 1. The conductor of the choir was superb; music is in the blood of the indigenous people. 2. At the communion distribution one of the priests, all blacks only, was saying ""Body of Christ" with a very fitting expression which I have never seen anywhere and he repeated the same expression to everyone who received communion from him - not at all an easy task. The way the expression come and goes on the faces of people here is very genuine.

Physically they are rich specimens of original human genetic reserves of wealth; but their mind is not trained into inventive ways suited to the modern scientific thinking where efficiency in conquering space and time to create capital - human and material. They have so much of natural resources but do not know how to capitalize them while others who know it will capture their wealthy resources. Can our mission or evangelization work at that level? Everything is fine with me or rather I make myself fine wherever I go.

K. T. Chandy

KANDY, SRI LANKA

Greetings from Kandy! The Tertianship here is in its last phase - we would all be back to our respective Provinces in the first week of March. Thanks for all your prayers and good wishes, the stay here has been fruitful and enriching!

In the second phase of our experiments, I gave an 8-day retreat to a group of senior A.C. sisters at Gampaha, where they also have a sprawling campus for 4000+ girls. It was also an occasion to watch their college Christmas celebration which was on a scale as large as a School Day celebration! For a pleasant surprise, the Santa Claus arrived in a Helicopter!! The second phase of my experiment was at a Home for the Elders managed by the SCJMs. It was once again extremely meaningful in many ways!

We had occasions to travel to Matara, where the statue of Mother Mary was thrice returned from the sea miraculously - the last occasion being the 2004 Tsunami that devastated this town at the

southern tip of Sri Lanka. We visited Galle and its Dutch fort. More recently I met Fr Kuriakose, the only malayalee Jesuit in this Province - though 91 and confined to his room with an amputated limb, he is much sought after in Colombo for counseling and guidance. I barely managed to meet him even with an appointment! I could also meet Fr Rex Ockhersz, now in Batticaloa, who is much revered for the help rendered in the renewal of the constitutions of several Religious Congregations in India and elsewhere.

The other day we visited the National Basilica at Ragama, near Colombo - an enormous building (structurally even bigger than some of our biggest churches in India!) in a sprawling campus, well planned and executed. Another unique spectacle was that of the recently conceived and almost complete, 'floating retreat centre' built on a watery patch of land close to Negombo. There is even a floating boat, converted into a chapel for perpetual adoration. The main chapel is designed imaginatively and is innovatively laid out. So is the Gethsemane Garden and the general purpose auditorium. Marvelous work indeed! And praise God for the beautiful experience!!

Devassy Paul

FROM TAIWAN

On January 14, voting for the new President began at 8.00 a.m. and concluded at 4.00 p.m. The results were declared at 10.00 p.m. The total eligible voters were 18,086,455 out of a total population of 23,071,900. The voter turnout rate was 74.38%. The Lunar Year of the Rabbit ended on Jan. 22 and the new Lunar Year of the Dragon began on the 23rd. As a Dragon baby, I am considered by Chinese to be a very lucky person. I tell the people concerned that whatever happens is not because of good luck or bad luck, but because of God's Love & Blessing. Since having a Dragon Baby is what Chinese mothers long for, this is the peak year for Chinese babies! The Media, quoting famous Gynaecologist Dr WU, have publicised May 15 as the deadline for conceiving, because the Lunar New Year of the Snake begins on February 10, 2013! Just before the Lunar New Year Holiday (a. k. a. Spring Festival

Holiday), learning from past experience, the Department of Health published the following "3 Don'ts" in the newspapers: "Don't tire yourself out from holiday cleaning or celebratory sprees; don't binge; don't do anything that would provoke dramatic mood swings." A press release of the Ministry of Education stated that the number of foreign students has almost doubled since 2007. Most of them are from Southeast Asia, pursuing Degrees in Banking, Business & Finance, while 90% of the Indian students pursue Doctorates in Chemistry or Chemical Engineering. In our Theologate and Parishes we have had traditional end-of-the-Lunar-year banquets with our students, colleagues and workers. I was also invited to a Lunar New Year's Eve lunch by Catholic Chinese Filipinos and to their dinner by a Catholic Chinese family.
